

Holy Family Catholic High School

Lettering Policy

Each team or club has set criteria for what is expected of participants in order to earn a letter. The following is a breakdown of actions that result when a letter is awarded:

First Letter:

The first letter awarded, regardless of activity, will result in the distribution of a cloth HF patch, which may be placed on the front of the school's letter jacket. A certificate will also be awarded from the student's coach or club moderator. In receiving a letter, the student also earns the honor of wearing a chenille activity patch and bar. These items are not given out by the school and must be purchased by the student.

Subsequent Letters in Same Activity:

After the first letter, awards for letting in the already-recognized activity merit a school certificate and second bar for the letter jacket.

First Letter in Different Activity;

If a student earns a letter in a different activity, a certificate from the coach or club moderator will be awarded, along with the opportunity to purchase a bar and chenille patch representing the new activity. Again, these items must be purchased by the student.
